Leading with Gratitude, Passion & Service

Did you know that there are over 50 volunteer positions at the National level? One very important way that you can continue to make Junior Auxiliary a priority is to consider a position on the National level once you have completed your active years. Every woman serving now, or who has served in the past, has been a member of a local Chapter in her own town, just like you. We need Executive Officers, Chapter Support Coordinators (CSCs), and volunteers to serve on our five committees: Membership, Education, Public Relations, Finance and Scholarship. There are many places to serve!

Being a National volunteer will lead to new experiences and lifelong friends. We are a family that welcomes new members ALL of the time. It is wonderful to have a voice in guiding the future of Junior Auxiliary and participate in creating new and special ways to help our members help those in need at home. The NAJA Nominating Committee will meet at Headquarters in Greenville on February 15, 2020 to conduct phone interviews and slate the candidates for our elected offices.

We are accepting applications for the elected offices of First Vice-President, Third Vice-President, Marketing Vice-President, Recording Secretary, and Treasurer until January 30, 2020. The First Vice-President automatically becomes our National President the following year (2021-2022), and the Third Vice-President becomes the Second Vice-President, who will also be the chairperson of AEC 2022. The Candidate Data Information Form is available on the NAJA website and will be sent to all members via Constant Contact. The NAJA Handbook has more information on the requirements for any of our volunteer positions.

To serve on a committee or be appointed as a CSC, fill out the Appointment Recommendation Form on the website. For more information on serving at the National level, please contact Leslie James at najalexofficio@gmail.com. We look forward to leading NAJA together!
